

Drums

iCan drums are made from high-density polyethylene (HDPE) with UV and static inhibitors, and are designed to withstand the daily rigors of industrial environments. Each drum includes 2 blank white labels for identifying drum contents using our free software (www.intelligentcan.com).

Part #	Description	Unit	Price
001007	2-Liter Drum	Each	9.90
001014	5-Liter Drum	Each	12.90
001021	10-Liter Drum	Each	20.90

Lids

iCan lids are made from high-density polyethylene with nitrile o-rings. Pour Lids include a twist-open nozzle, (available in 3 different sizes), 1" quick-fill port, accessory port with 1/2" NPT female thread, light-switch style breather vent at thumb position and clear plastic handle covers that hold color-coding tags. Pump/Storage Lids include 1" quick-fill port and two (2) accessory ports (one 1/2" NPT female thread and one 3/8" NPT female thread).

Each iCan lid includes a color coding kit, which consists of:

- 10 different colored iTags (red, blue, yellow, lime green, forest green, black, orange, purple, gray and tan)
- Clear plastic iTag holders and screws (if applicable)
- Foam-tipped wand for pre-lubricating master o-ring located on bottom of lids

Part #	Description	Unit	Price
001373	Pour Lid w/ 6mm Nozzle	Each	29.90
001380	Pour Lid w/ 12mm Nozzle	Each	29.90
001397	Pour Lid w/ 25mm Nozzle	Each	29.90
001045	Pump/Storage Lid	Each	15.50

iCan Pump

The iCan piston-style hand pump includes a 4.8 foot (1.5 meter) hose and an L-shaped aluminum anti-drip end-piece with a 7/16" (11mm) outside diameter and 5/16" (8mm) inside diameter. Pump discharge rate is approximately 13 strokes per liter. The iCan Pump is ideal for dispensing fluids into hard-to-reach or awkward fill ports.

Requires Pump Lid (part #001045). Not for use with 2 Liter Drums.

Part #	Description	Unit	Price
001083	Piston Style Hand Pump	Each	41.90

Extension Hoses

iCan Extension Hoses screw onto the end of iCan Pour Lids, allowing an extra 11" (0.28 meters) of reach. Each pour lid has a matching size extension hose.

Part #	Description	Unit	Price
001090	Extension Hose for 6mm Nozzle	Each	8.90
001106	Extension Hose for 12mm Nozzle	Each	9.90
001113	Extension Hose for 25mm Nozzle	Each	10.90

"For every ISO code that you can bring it (oil contamination levels) down, you've increased the life of the components by at least 40%."

- Larry Czernik
Senior Development Engineer
Maintenance Products and Services Group
Caterpillar

iPouches

Clear, adhesive-backed, zip-top iPouches are designed for use with iCan drums, and are ideal for holding identification tags and important documents such as MSDS sheets. Each iPouch includes 10 colored iTags (red, blue, yellow, lime green, forest green, black, orange, purple, gray and tan), that fit neatly inside the iPouch.

Part #	Description	Unit	Price
001120	iPouch for 2 Liter Drum	Each	3.90
001137	iPouch for 5/10 Liter Drum	Each	4.50

Blank iTags

These perforated forms on letter-sized sheets are for use with our web-based labeling program. Use the software to print tags in 16 different colors with text in 8 font sizes. Packaged 10 sheets per pack (one iTTag per sheet). Available in both A and A4 sizes. Go to www.intelligentcan.com to use the software.

Part #	Description	Unit	Price
001151	A-size forms for 2 Liter iPouch	pk/10	4.90
001205	A4-size forms for 2 Liter iPouch	pk/10	4.90
001168	A-size forms for 5/10 Liter iPouch	pk/10	4.90
001212	A4-size forms for 5/10 Liter iPouch	pk/10	4.90
001182	A-size forms for Lids	pk/10	4.90
001229	A4-size forms for Lids	pk/10	4.90

Color iTags

These pre-cut, colored iTTags are available in packs of 10 and are designed to fit neatly into Lids or iPouches. Each iTTag has a color on one side and another color on the other side. Color iTTags are intended to be written on with a marker or pen.

Part #	Description	Unit	Price
iTags for 2 Liter iPouch - 2 colors, one each side			
001410	Red/Yellow	pk/10	1.50
001427	Blue/Forest Green	pk/10	1.50
001434	Purple/Orange	pk/10	1.50
001441	Black/Gray	pk/10	1.50
001458	Lime Green/Tan	pk/10	1.50
iTags for 5/10 Liter iPouch - 2 colors, one each side			
001465	Red/Yellow	pk/10	1.90
001472	Blue/Forest Green	pk/10	1.90
001489	Purple/Orange	pk/10	1.90
001496	Black/Gray	pk/10	1.90
001502	Lime Green/Tan	pk/10	1.90
iTags for Pour Lids - 2 colors, one each side			
001267	Red/Yellow	pk/10	2.90
001274	Blue/Forest Green	pk/10	2.90
001281	Purple/Orange	pk/10	2.90
001298	Black/Gray	pk/10	2.90
001304	Lime Green/Tan	pk/10	2.90
iTags for Pump Lids - 2 colors, one each side			
001311	Red/Yellow	pk/10	0.90
001328	Blue/Forest Green	pk/10	0.90
001335	Purple/Orange	pk/10	0.90
001342	Black/Gray	pk/10	0.90
001359	Lime Green/Tan	pk/10	0.90

“With managerial support for training, improvements in storage and handling, and continuous improvements in lubrication procedures and practices...lubrication improvements can deliver strong financial rewards for relatively few dollars invested.”

- Ed Bohn
Plant Lubrication Specialist
General Motors

Drum Labels

iCan drum labels measure 3" (76mm) wide by 5" (127mm) high and are included with each drum. There are two blank white labels per sheet. The sheet is designed for use with the web-based labeling software at www.intelligentcan.com.

Part #	Description	Unit	Price
001199	"Contents" Label for Drums Two labels per sheet; 10 sheets per pack	pk/10	3.90

Note: Drum Label is paper stock. They are not recommended for use in wash down environments. For these applications, consider using iCan vinyl, adhesive-backed iPouches.

Sample Kit

iCan Sample Kit contains one each of the following:
2 Liter Drum, 5 Liter Drum, 10 Liter Drum, Pour Lid with 6mm Nozzle, Pour Lid with 12mm Nozzle, Pour Lid with 25mm Nozzle, Pump Lid, iCan Pump, Extension Hoses for 6mm, 12mm and 25mm Nozzles, iPouch for 2 Liter

Part #	Description	Unit	Price
001519	Sample Kit	kit	219.00
